The A to Z of a Character Healthy Homeschool – Megan Scheibner

If we homeschool simply to achieve high academic marks, we are squandering the opportunity to influence our children for Christ. Character healthy leaders are those children who have learned to elevate virtues above feelings. If we spend our homeschooling hours simply on academics and activities, we may win the praise of man, but we risk losing the hearts of our children. In our few short years with our children, we must focus on the first things first – and character is always the first thing! In this conference, Megan, a homeschooling mother of eight, will challenge you to use every opportunity to teach your children to serve God by loving others and to love others by faithfully serving God.
